[JOSH FUTTERMAN](Late 20s) Josh hasn't amounted to much. He still lives at home with his parents, has dead end job as a janitor at Devlin, a sexual disease research centre. On account of sickly adolescence, he's socially inept, has low self-esteem, can't approach women. The only thing he excels at is Cybergeddon, a video game set in a dystopian future where his character, Future Man, has the top ranking in the world. When Josh beats the final level, he's visited by characters from the game who claim it is a training manual and he's been selected to travel back in time and help them save the world. Is he ready? Absolutely not….SERIES REGULAR (2)
