Ep. 110

EXT. WAYNE SECURITY - BALCONY - DAY

1/17/17

'Green Fury'

(3 pgs.)

Ron and Teddy eat lunch when an errant FIREBALL from a super battle in the sky blasts the balcony, sending Teddy over the edge! Suddenly a GREEN BLUR flies through the sky and Teddy rises INTO FRAME in the arms of the super stunning superheroine, GREEN FURY. She sets Teddy down safely.

TEDDY

(to Green Fury, smitten)

That was super cool of you. I don't really know what to say...

GREEN FURY

Usually, people go with "thank you."

Teddy laughs a little too hard at this.

TEDDY

"Usually people go with 'thank you.' Ron, how are you not laughing? That was a hilarious joke.

Ron laughs, uncomfortably.

GREEN FURY

(apologetic, to Ron)

You don't have to laugh.

TEDDY

(playing it cool)

I haven't seen you flying around here before. What's your name?

GREEN FURY

Green Fury.

RON

Wait a minute, did you used to just go by "Fire?"

GREEN FURY

I did. I did. But then people kept asking “Why’s your hair green? Why are the flames that shoot out of your hands green?” and I got tired of telling people “I don’t know; I got into some kind of pyro-plasmic accident and I don’t have the doctorate in chemistry to explain it to you” and it... it was just a whole thing so now they’re like, “Oh. Green Fury. Got it.”

TEDDY

(so, so smitten)

That is... so awesome.

GREEN FURY

(nonplussed)

Are you okay? I think you might be in shock. You’re weirding me out.

TEDDY

(to Green Fury)

Um, what are you up to later?

GREEN FURY

You’re not making it less weird.

TEDDY

Sorry, it’s just there’s this new ramen place and I had a reservation and my buddy bailed.

GREEN FURY

Oh, what time?

TEDDY

7:30.

GREEN FURY

(bullshitting)

Oh that's when I was gonna try to stop Vandal Savage from destroying the city. Yeah, he stole the Eclipso diamond and now he's an all-powerful demigod, so...

TEDDY

Cool, cool. Well, thanks for the save and if you ever find yourself in danger, I'm happy to return the favor...

GREEN FURY

(maybe he's not so weird)

I'll be sure to take you up on that.

TEDDY

You know, for someone who claims to be a fury, you're awfully calm.

GREEN FURY

The superpowers help. And the weed. Just kidding, don't do drugs.

Teddy laughs a bit too hard again. Just then: BOOM! another fireball EXPLODES.

GREEN FURY (CONT'D)

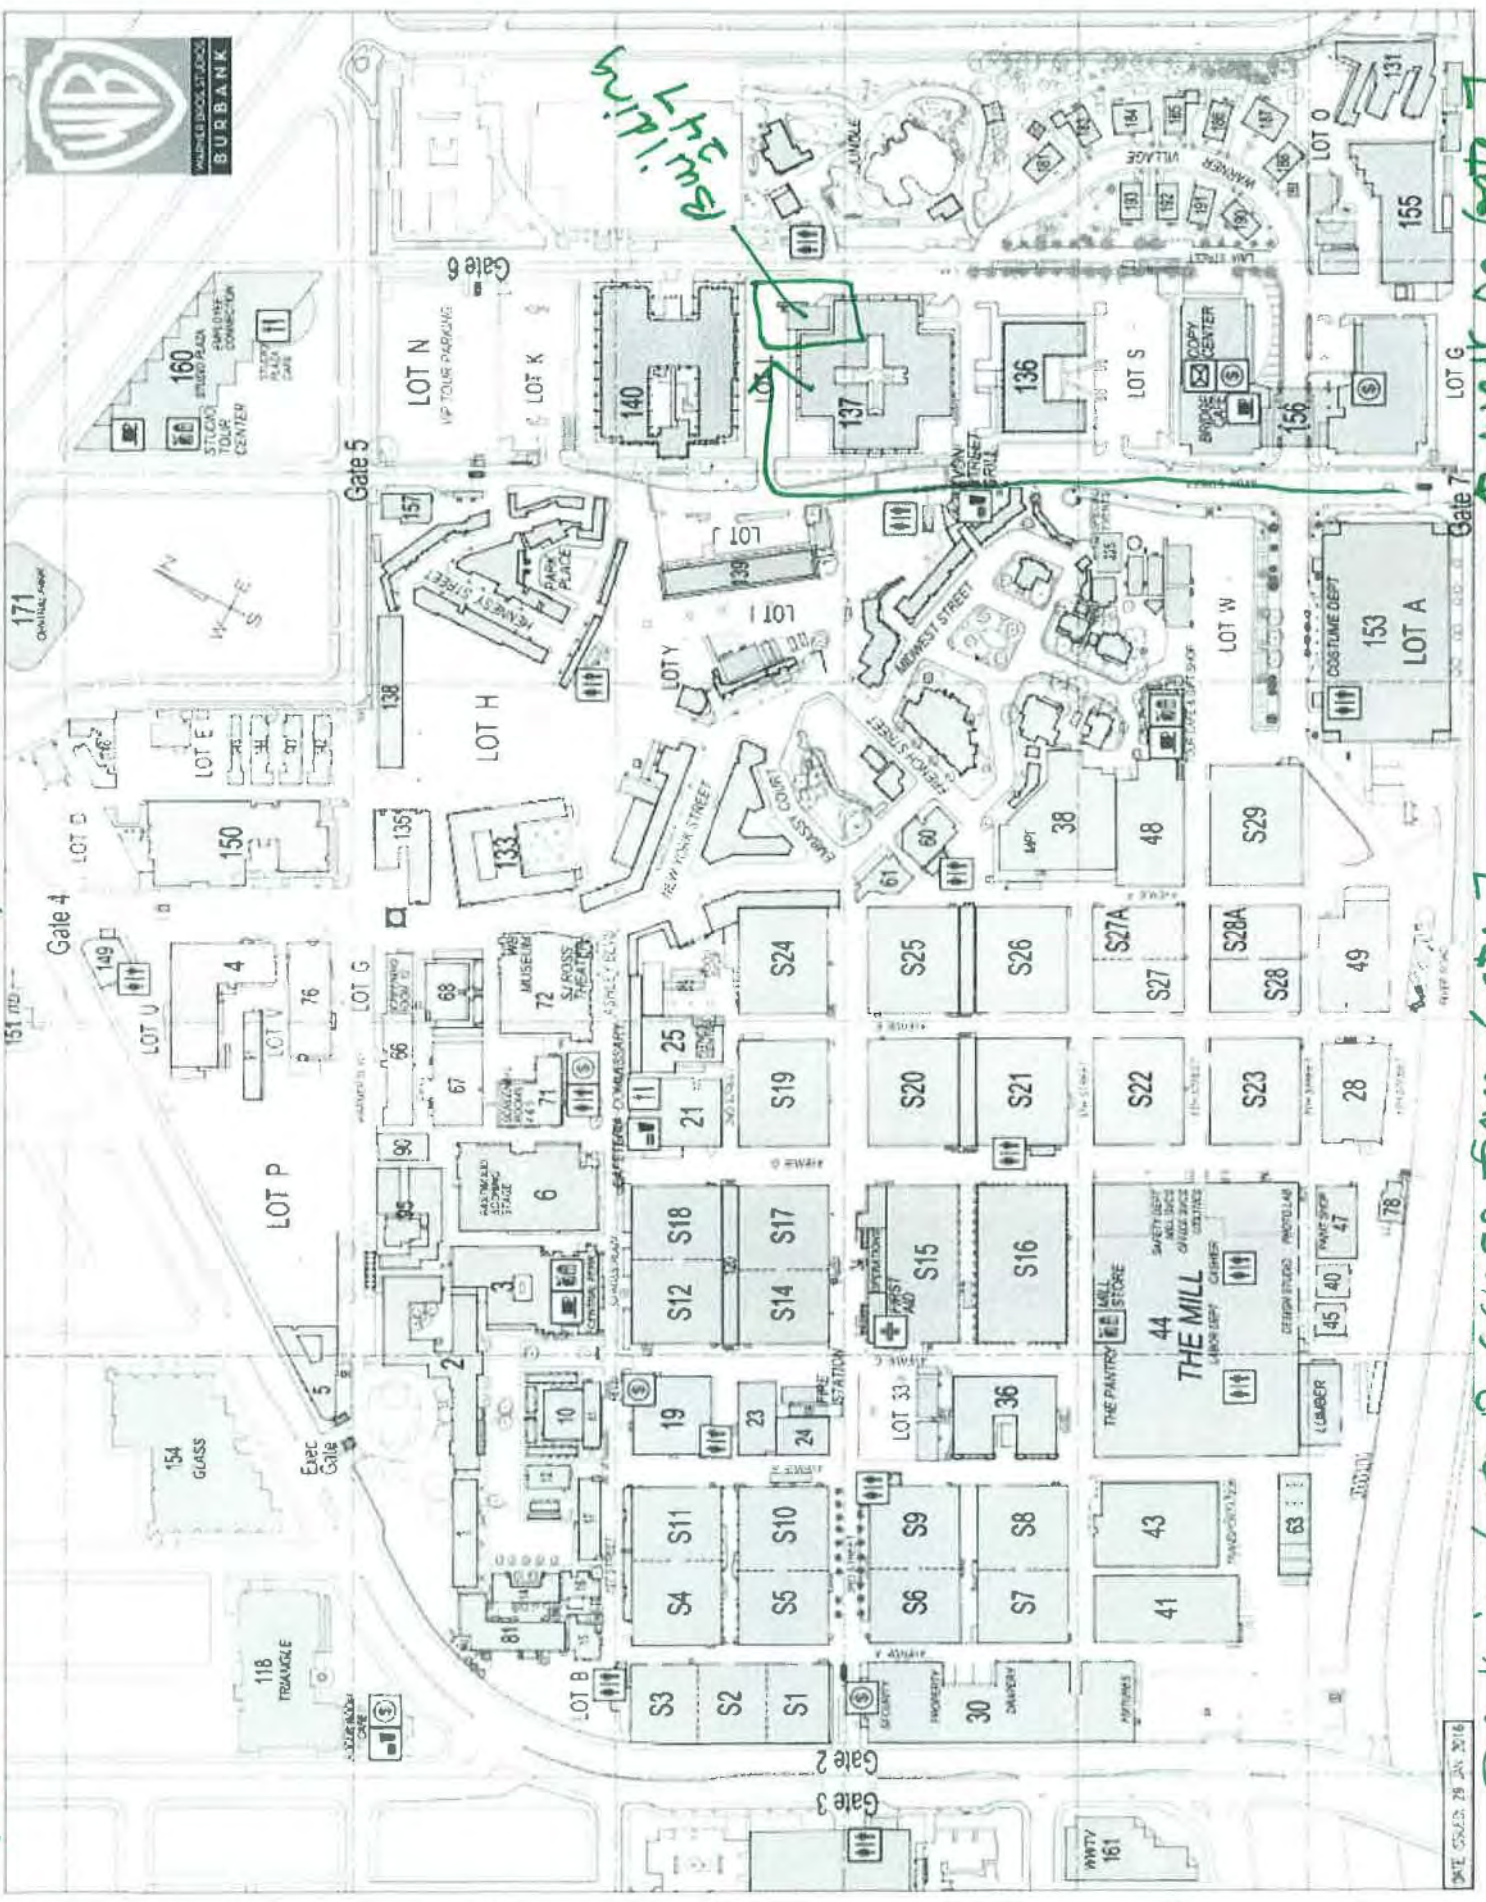

Alright then. Time to fight fire with fire.

(off their looks)

Still working on a new catchphrase.
